BULL RUN BATTLE  
AN OBJECT LESSON

The president declined an invitation to visit the Bull Run battlefield for the dedication of a tablet there because, as he told the committee which waited on him, he could not take time to prepare a worthy address. But, as the Chicago Tribune points out, an address at Bull Run just now would make itself; for Bull Run is "dedicated to the American fallacy that for self-defense no preparation is needed." It is difficult, the Tribune says, to believe that any president could have been through the anxious days that Mr. Wilson has without finding that the Bull Run memorial was full of meaning.

## HOT HOLE A MENACE

The tramp who was found floating in the crater near town is said to be the twenty-second victim who has given up his life to the greedy waters. It has been suggested that something be done to safeguard the public against the dangers of this place, but a direct means of doing so has not yet been recommended.—Elko Free Press.

## BAILEY CASE SET

The disbarment proceedings against Gordon W. Bailey have been set by the supreme court for December 30. The supreme court has cited Bailey to appear at that time and show cause why he should not be disbarred from practicing law in Nevada. Nothing is known of Bailey's whereabouts.—Gazette.

KNIGHTS OF COLUMBUS  
CELEBRATE HOLIDAY

OPEN HOUSE KEPT IN HALL AND EXCELLENT PROGRAM RENDERED

Last evening at their home on Brougher avenue the Tonopah Knights of Columbus celebrated Columbus Day in honor of the discovery of America by Christopher Columbus. It was a public affair and shortly after 8 o'clock the hall was filled with visitors. Grand Knight T. J. Dwyer started the evening's entertainment by an address of welcome and stated to the guests that it was a pleasure for the Knights to throw open their club rooms to the public on this occasion. The hall was tastefully decorated and a large electric emblem "K. C." embedded in foliage and surrounded by an American flag made a wonderful setting. The program was pleasing and interesting and those in attendance evidenced their approval by continued applause at the conclusion of each number. The exercises were as follows:

Vocal solo, Miss Robb, pianist, Mrs. Bilyeu; address, "Columbus," Frank Dunn; quartette, Rev. J. Dwyer, William Roach, Z. Ethier, J. S. McGinn; address, "Our Order," T. J. Lynch; vocal solo, Rev. J. Dwyer; vocal solo, "Star Spangled Banner," J. J. Degan; fancy dancing, Miss Agnes Connelly of Goldfield.

After the exercises the floor was cleared for dancing, which continued till midnight. All present expressed themselves as spending a most delightful evening and the Knights are to be congratulated upon the entire success of their Columbus Day celebration.

GEORGE KNORR TO SAIL  
TO CERULEAN HEIGHTS

George Knorr, one of the integral portions of the Central market of this city, has for the past three years been engaged in the construction of a new type of biplane that is as safe as a rocking chair, it having a parachute attachment that will open, according to specifications, no matter at what angle the airship may incline when it becomes powerless to maintain its position in the upper ether.

Mr. Knorr went out with his perfected machine this morning to Kiondyke lake, 17 miles from town, where the preliminary tests will be made. Mr. Knorr's fellow employees have already put in an order for flowers and Frank Cavanaugh is said to be planning to go out Friday morning. It will require a day or two to assemble the machine and tune it up for the initial flights. A 50-horsepower engine will propel the machine.

KENDALL ASKED TO  
PAY COUNTER CLAIM

Deputy Attorney General Patrick, representing the attorney general's office, yesterday answered the complaint in the case of Zeb Kendall versus the state of Nevada, says the Appeal.

The state claims in its answer that Mr. Kendall accepted the terms of employment, but denies that since April, 1914, the plaintiff had performed the duties required by the directors of the Nevada fair commission.

It is asked by the state that the plaintiff take nothing for his action and that the defendant be granted judgment in the sum of \$1404.22 on its counter claim.

NEVADA FILM COMPANY  
SOON TO BEGIN WORK

REAL WEST WILL BE PICTURED HERE FOR THE SILENT DRAMA

W. L. James, business manager of the Nevada Film Co., Inc., of Tonopah, stated today in an interview regarding the progress of his company, that in all probability the company would be making pictures by the 1st of December at the latest, the weather permitting. Arrangements are now under way to secure one of the well known stars of the screen fraternity, and in fact one of the favorites of the western country especially, whose name will be given later if the arrangements are completed.

The company will build a studio and complete laboratory in Tonopah and all the pictures made here will be developed and printed in the company's laboratory, and California will have nothing on Nevada and especially Tonopah.

The first picture made by the company will be entirely an outdoor production but promises to be a revelation to the motion picture public from a western and mining standpoint, and promises to be the means of the discontinuation of the faked up mining and western pictures that we see on the screen today.

He found the earth split open in several places, with cracks from 15 to 24 inches wide, extending from 150 to 600 feet and with the south side from 6 to 8 inches lower than the ground on the north. In several places the water had thrown up fine sand and sea shells.—Silver State.

## AMUSEMENTS

## BUTLER THEATER

"Satan Sanderson," a Metro feature, will be the attraction at the Butler this evening. Some of the most novel situations in the Metro Pictures corporation's production of Halie Erma Rives' great book and play, "Satan Sanderson," which is now a motion picture in which the prominent stage star, Orrin Johnson, plays the title role, are the double exposures for which, in the making, the film was run through the camera, in many instances, ten and twelve times. Double exposures are the hardest accomplishments of the motion picture director, but in "Satan Sanderson," where Orrin Johnson plays a dual role, Director Jack Noble has turned out some very exceptional double and triple effects. "Satan Sanderson" in book form, was the best seller of its period. As a play it enjoyed more than its share of popularity, both in the larger cities and on tour—but as a motion picture it promises to surpass both its other forms, for the opportunities for big scenes and situations are perfect and were more than taken advantage of by the producer, B. A. Rolfe. Mr. Johnson, a typical matinee idol, since his advent in motion pictures, has been re-engaged by B. A. Rolfe for other pictures and will no doubt be a regular screen actor, for he is sure of having a vast following. The preliminary reel will be a Pathe Cartoon comedy—popular with everyone, both old and young.

Tomorrow, a Fox-Baiboa feature, "The Criminal Code," and the Ford Weekly, which is a new addition to the program. Friday, Gaby Deslys. Don't miss seeing her.—Adv.
